

"Teach all the folly of being the beginners of a war."

Remember the Mission Accomplished banner behind George W. Bush in May 2003?

- That was on the **USS Abraham Lincoln** aircraft carrier
- The USS Abraham Lincoln was 30 miles off the California coast when Bush arrived in a Lockheed S-3 Viking.
- The banner was the Navy's idea, but the White House actually made it.

BUSH'S "MISSION ACCOMPLISHED" BANNER
